1. Who is the presiding officer of the House of Representatives (his name AND his title)
2. How long is the term length for a Representative & how does it compare to the term length of a senator? What do the 2 have in common in regards to term limits?
3. What is the current majority party in both houses of Congress?

Leaders in Congress, cont.

- ⌘ In addition to the Speaker, each political party has a party leader (represents party on the house floor) & a party whip (assists w/ party's legislative program).
- ⌘ In the Senate, the Vice President of the US is the President of the Senate (mostly ceremonial)
- ⌘ The President Pro Tempore leads the Senate the majority of the time.
- ⌘ Just like in the House, each party is also represented by a leader & a whip.
